The stop-work order shall apply to efforts being conducted beyond Milestone 4 of the contract, is effective as of 05 August 2021, and shall remain in effect for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree, unless a written cancellation is issued by the NIWC Pacific contracting officer.

Titan One Zero shall:

- (2) Only perform work related to the transfer of any Government Furnished Property (GFP) and/or Contractor Acquired Equipment (CAE) to the government;
- (3) Cease to issue any further orders and/or subcontracts for materials or services in support of the contract unless related to the transfer of GFP/CAE as required above;
